

Westbury Town Council

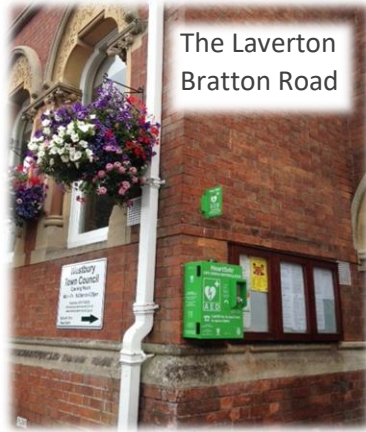

Defibrillators Awareness Sessions

In partnership with Wiltshire Council, the Town Council, the Area Board and local businesses, lifesaving equipment is being installed in five locations in Westbury

Defibrillators will be available round the clock and are used to give a high energy electric shock to the heart through the chest wall to someone who is in cardiac arrest

Leigh Park Community Centre
Leigh Park Way

The Laverton
Bratton Road

The Library
Edward Street

A defibrillator can be used by anyone, you don't need any training

It will have a monitoring system that will be checked regularly by the Town Caretaker

One Stop Shop
Queens Square

The Town Council have arranged some awareness sessions with Heartsafe and members of the public are invited to attend

Tesco Express
Fore Street

Awareness sessions will be held at The Laverton in October:

Saturday 14th October – 10-11.30am and 11.30am-1pm

Tuesday 24th October – 6.30-8.30pm

Please register by emailing or calling
