P.4589**REPORT BY WILTSHIRE COUNCILLORS. Wiltshire Council matters only.**

- Cllr G King – Wiltshire Council have received a grant for footpath improvements, of which Westbury has been allocated £6,192.12, which needs to be spent in this financial year. Bids are required by January 2018 and are for footpaths/pavements that require maintenance, not for any new footpaths/pavements that are required. There are three areas that have already been earmarked, including pavements in Orchard Road and Station Road in Westbury and a pavement in Edington. The Committee also agreed a further four areas, Castle View footpath, Penwood Close block paving footpath, the footpath from The Mead to the Lake and the un-even pavement on Frogmore Road.
- Cllr Jenkins – in response to Cllr Sutton's question regarding the Wiltshire Strategy to meet the EU air quality regulations, Cllr Jenkins shared the current position with the Committee and this information is also available on the Wiltshire Council website reports. Cllr King had also followed this up with Cllr Sutton in advance of the Committee meeting.

CHAIRMAN'S COMMUNICATIONS:

- **Westbury Town Cycle Network** – the committee noted the map and the Chairs comments that many of the footpaths in these areas could do with being upgraded.
- **TransWilts** – this was added to the agenda for information and to note the work that is being looked at to improve the rail network, between different locations and improvements made to some Stations. Email provided at the meeting with links to further information.
- **Lidl/Aldi** – Cllr Cunningham had received a letter from Aldi regarding Lidl's plans for the former Co-op Food Store and asking if there is anything more that can be done to call the application to Strategic Planning Committee. Cllr Cunningham had prepared a response for the Committee to review, however it was decided it was not needed and Cllr Jenkins advised that he had received a call to confirm a decision had been reached.
- **Land North of Bitham Park, Road Names** – we have received confirmation that our suggested road names have been received, however regrettably The Post Office are unable to use first names, only surnames for road names and therefore they would be unable to use 'Arthur Mays' and propose to consider using the surname 'Mays'. The Committee supported this and Cllr Russ will update the family.

P.4594 APPEAL DECISION:

The Committee noted Appeal Ref, APP/Y3940/W/3176581 and the Planning Inspectorate Inspector’s decision on the appeal for 75 Studland Park, Westbury, BA13 3HN.

P.4595 PARKING CHARGES:

The Committee reviewed the past and present costs and objected to the increase charge in Zone B, Warminster Road car park. The car park is a low use car park and the increase in charges could cause additional off-street parking and concern that in the future Wiltshire Council may consider using the space for another use. The Consultation closed on 23.11.17.

P.4596 ADDITIONAL STREET SIGNAGE – BITHAM MILL AND BITHAM MILL COURT YARD:

Cllr King updated the Committee, following the CATG meeting on 17.11.17 where this item was discussed. The cost to cover these changes would not be available in this current financial year. Cllr King and K.Rose will visit the area with the resident and submit a revised plan and recommendation. In the new financial year CATG will look at the costs and look for contribution from residents/Westbury Town Council. The HP&D Committee supported these next steps.

P.4597 LAND NORTH OF BITHAM MILL, 14/09262/OUT and 17/01643/REM

The Committee noted the email from Wiltshire Council Planning Officer regarding the Archaeology update on this site. Although grateful for the response felt the information was insufficient.

P.4598 HILLS LIAISON MEETING – 16.11.17:

The Committee noted the email update from Cllr Tout following the meeting he attended. There will be a public consultation in time and Hills confirmed that the plans would be discussed at the Westbury Area Board meeting. Westbury Town Council will be inviting Hills to attend a public meeting, although Hills have indicated that they have not planned to attend any Westbury Town Council meeting.

P.4599 NO NET LOSS OF BIODIVERSITY ON THE GREATER WEST PROGRAMME – STAGE 1:

The Committee discussed and agreed to submit a proposal for planting for the January HP&D Committee meeting. Cllr N Pyne suggested an area close to the railway line.

Issue Number:	Area:	Issue:	Would like to resolve issue:	WTC Decision
5890	Speeding through Westbury on the A350 towards Warminster particularly at the corner into Market Place end West End Westbury	The issue is speeding through Westbury on the A350 towards Warminster particularly at the corner into Market Place end Westbury. Very narrow pavements and massive lorries hurtling through the A350 towards Portsmouth Plymouth Ferries. Young mothers with buggies are in acute danger and have to pause to let the lorries pass before they can continue on the pavement.	Some kind of speed restriction traffic calming installed on that corner of the A350. Huge lorries in particular need to be slowed down. Someone will be killed on that corner very soon. If it is a child in a buggy	Understand the concern of heavy traffic on this section of road. Previous incidents on this road are not thought to be speed related. Cllr King updated from the CATG meeting on 17.11.17 a metro count (speed monitoring) will be arranged for this section of road.
