There are four Options for Consideration:

- 1. Retain the current service in-house but reduce the value** – a number of options would be considered to make the required savings and deliver a service that meets the needs of young people in community areas.
- 2. Outsource the service** – this option would involve developing a new service specification for the provision of positive leisure-time activities; Shaped by key stakeholders, including young people based on resources available.

3. **Encourage and support staff to form a Public Service Mutual (PSM)** – A mutual can deliver a public service involving a high degree of employee control. It can operate for profit, not for profit, charity, social enterprise and community interest company.
4. **Develop a community led approach** – empower communities via community area boards, with funding from the council, to develop and make available positive leisure-time youth activities within their local area.
